Sunday 17/3/24 3PM - Saturday 23/3/24 12PM

DEEP CLEANSE & DETOX RETREAT

Healing & Rejuvenating

Our Deep Cleanse & Detox is a unique fasting and detoxification program that focuses on colon hydrotherapy therapy, a gentle procedure that dissolves and cleanses the thick mucus waste that clings to the outer wall of the colon.

The benefits of removing toxins via colonics are many and include the following:

- Glowing skin
- Improved digestion
- Boosted metabolism
- Increased cognitive functioning
- Weight loss
- Cleansed organs
- Less stress

To further enhance the detoxification process, and your journey toward recovery and well-being, we include guidance for making necessary lifestyle changes after your program ends. This includes learning how to add fresh, natural raw fiber-rich foods and deep tissue-cleansing herbs to your diet. This will help you to keep drawing out the stagnant lymph that resides deep within the tissues and continue to improve your health.

About Us

The Bendigo Wellness Centre was established in 2017. Since opening we have been educating, facilitating, and assisting the community to live healthier happier lives.
